

Patterns and Progressions

I have pulled some of the simple and common chord progression patterns out of the songs in the 10 Song Catapult. *These same patterns also occur in millions of other songs across every genera of music!* The patterns are perfect for practicing chord changes, rhythms and strumming. You don't have to think about the songs and melodies and it allows you to focus on switching between chords in patterns. Practicing this way will help you get fast and smooth at changing between chords and will also help you see that **all songs are made up of simple repeating patterns!** Start SLOW and don't skip beats! You will learn more about this and learn great strumming/rhythm patterns when you enroll in my full online program for guitar or piano. (www.8chords100songs.com)

Agnus Dei

G / / / / G / / / / C / / / / C / / / /

Everlasting God

G / / / / / / / / C / / / / / / / / Em / / / / / / / / C / / / / / / / /

Blessed Be Your Name

G / / / / D / / / / Em / / / / C / / / /

Mighty to Save

C / / / / G / / / / Em / / / / D / / / /

10,000 Reasons, Your Great Name

C // G // D // Em //

One Thing Remains

Em // C // G // D //

Your Great Name

Em / / / / C / / / / G / / / / D / / / /

Everlasting God

G / / / / G / / / / C / / / / C / / / / Em / / / / Em / / / / C / / / / C / / / /

How Great is Our God

G / / / / G / / / / Em / / / / Em / / / / C / / / / D / / / / G / / / /
