Using Your Talents in Your Church  
and Community

# WEEK SIX BIBLE STUDY

## Using Your Talents in Your Church and Community

“Your church and your community need you.”-Eric Michael Roberts

What are your talents? If you're not sure, the following questions may help:

1. What can you do better than most other people?
2. What comes easy to you?
3. What's one thing you would do if you knew you could not fail?
4. What really motivates you when you get up in the morning?
5. What is your passion?

If you have discovered a new passion in playing guitar, here are some ways to offer your talent as an act of worship: *(Take a moment to read through this list and put a check mark by at least one of these things that you would like to see yourself doing some day.)*

- Play your guitar for small group worship time.
- Lead worship for the youth ministry at your church
- Play your guitar for family worship time.
- Lead worship on a missions trip.
- Play songs at your local nursing home.
- Lead worship for a prison ministry.
- Play guitar with your church's street ministry to spread the gospel.
- Share special music at your local food kitchen.
- Teach others in your church to play guitar.
- Lead the next worship guitar Bible study group.

I'd love to hear what you plan to do with your new talents. Drop me a quick email to [biblestudy@worshiptheking.com](mailto:biblestudy@worshiptheking.com) and share your goals with the myWTK Facebook group or tweet it out to @wtkmusic

Romans 12:1 “Offer your bodies as a living sacrifice, holy and pleasing to God-this is your true and proper worship.”

# WEEK 6 GUITAR

This week is about playing a full song! It's important that you feel like you have accomplished something great! It's also a huge help when you share your success with me and with others around the world.

## Goals

1. Play the whole song How Great is Our God
2. Make and share a video of you and your group playing the song.

## Six good reasons to make your video:

1. Performing is scary.... this will introduce you to that fear and allow you to overcome it fast!
2. When you see and hear yourself play on a video, you will be able to critique yourself... just go easy!
3. When you post the video to the my WTK group, you will get many thumbs ups, "likes", and kind words of encouragement from me and other students. This helps!
4. When you post your video, I can watch and make some notes that will help you along the way. If you are forming any bad habits, I'll catch them early and you can make adjustments.
5. You will be an inspiration to those who are trying to accomplish the same thing!
6. It's just fun to make videos of yourself and post them online.

*If you are doing the class at home or with an online study group, I want you to grab your phone this week, make a video, and share it! If you aren't ready for a solo performance, you can sing or play along with me on the final play along while making your video.*

## WEEK 6 GOAL:

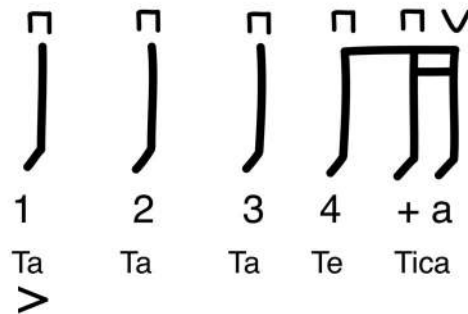

- PLAY A FULL SONG AND MAKE AN AWESOME VIDEO!

## SONG ORDER

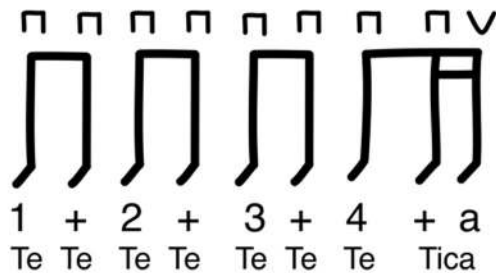

V = Verse  
CH = Chorus  
BR = Bridge

**V CH V2 CH BR CH CH**

### VERSE PATTERN

### CHORUS AND BRIDGE PATTERN

## Tips to make your video:

- Use good lighting. Use the most current version phone camera you have in the class. Set the phone on a tripod or have someone hold it steady.
- If you are not comfortable singing while you play, it is best to play along to the final video where I sing and play with you.
- Use dynamics by playing softer on the verses using the simple quarter note strumming pattern with a flip. On the chorus and the bridge, you will double up on the strumming by playing the eighth note pattern with a flip and things will be a bit louder. The last chorus you play one time soft!

## How to share your video:

Once you have completed your video, I'd love to see it and share it with others and I would love to hear the testimonials and success stories from your group! Follow the simple instructions below to share your video and your stories.

### Share Option 1: Upload to the WTK Dropbox

It's easy! Just go to [www.worshiptheking.com/sharevideo](http://www.worshiptheking.com/sharevideo) and use the password **FAITH** to upload your video file!

If you have an account with DropBox, Google Drive or a similar service, you can upload your video there and email the link to [biblestudy@worshiptheking.com](mailto:biblestudy@worshiptheking.com)

It's almost impossible to email me the full quality video because it is going to be over the file size limit for most email services. That is why using a service like DropBox is the best way to share large files.

### Share Option 2: Share Socially

To share socially, simply upload your video from your phone to YouTube or any social media platform (Facebook, Instagram, Twitter, etc)

Tag @worshipthekingmusic on Instagram and @wtkmusic on Twitter

Use these hashtags in the description #WGBS #worshipguitarbiblestudy #worshipguitar #worshiptheking and any others you think are awesome!

Include this link [www.worshiptheking.com](http://www.worshiptheking.com)

Once you have shared your video, be sure to send me a link!
