2 Count Beat with 2 Beat Fill (half measure fill)

2 Count Beat with 2 Beat Quarter Note Fill (half measure fill)

Musical notation for a 2-count beat with a 2-beat quarter note fill. The first two measures are marked with 'x' and brackets, indicating a fill. The third measure contains a quarter note, and the fourth measure contains another quarter note.

2 Count Beat With 2 Beat Eighth Note Fill (half measure fill)

Musical notation for a 2-count beat with a 2-beat eighth note fill. The first two measures are marked with 'x' and brackets, indicating a fill. The third measure contains an eighth note, and the fourth measure contains an eighth note.

3 Count Beat with 1 Beat of Silence

Musical notation for a 3-count beat with 1 beat of silence. The first three measures are marked with 'x' and brackets, indicating a fill. The fourth measure contains a quarter rest.

3 Count Beat with 1 Beat Sixteenth Note Fill (quarter measure fill)

Musical notation for a 3-count beat with a 1-beat sixteenth note fill. The first three measures are marked with 'x' and brackets, indicating a fill. The fourth measure contains a sixteenth note.

3 Count Beat with 1 Beat Eighth Note Fill (quarter measure fill)

Musical notation for a 3-count beat with a 1-beat eighth note fill. The first three measures are marked with 'x' and brackets, indicating a fill. The fourth measure contains an eighth note.

3 Count Beat with 1 Beat Sixteenth Note Tom Fill (quarter measure fill)

Musical notation for a 3-count beat with a 1-beat sixteenth note tom fill. The first three measures are marked with 'x' and brackets, indicating a fill. The fourth measure contains a sixteenth note.

Tom Builds

Musical notation for a tom build. It consists of two measures of eighth notes, each measure containing two eighth notes.
